11:00 - 12:00pm	Reading Corner	Social Studies	Character Building	Science	Public Speaking

CURRICULUM HIGHLIGHT

Writer's Workshop: Writing skills are built with consistent reinforcement and practice. This class will focus on building every writer as we work through the writing process!

Reading Corner: Reading should be fun! The more you read, the more you learn. We want to foster one thing through Reading Corner - a love for reading!

Strategic Thinking: Considering rules, learning to think ahead, building strategy are all very valuable thinking skills. We'll learn to do this through game strategy and grow our students as team players!

Public Speaking: Choosing words wisely and using good tone are all crucial communication skills that students can learn even at a young age. This class will take a fun approach to addressing these skills through public speaking and presentation practice activities!

Character Building: Here at Bright Hope, we want all of our students to grow in good character. Kindness, resilience, responsibility and gratitude- these are just a few of what we'll be teaching our students to grow in!
