K to 6TH STUDENTS  
IF REGISTER BEFORE 4/30

## THEME SCHEDULE

WEEK	DATE	THEME	BIG IDEA
WEEK 1	6/2~6/6	Artist Corner	Experiment with art materials, build new skills, discover art to launch your kid's inner creativity.
WEEK 2	6/9~6/13	Biology Lab	Young scientists will dive into hands-on experiments to explore the wonders of life! This class sparks curiosity, discovery, and a love for science in every budding biologist.
WEEK 3	6/16~6/20	Little Chef	Get ready to mix, stir, and create delicious, easy-to-make recipes while learning practical life skills. From tasty snacks to simple meals, every dish is fun, hands-on, and satisfying.
WEEK 4	6/23~6/27	Sports Mania	This high-energy class is packed with fun sports and team challenges that build teamwork, sportsmanship, and skills. It is all about playing hard, cheering loud, and having a blast!
WEEK 5	6/30~7/3	Gear Up Robotic/Coding Challenge	Let kids build, program, and play in this exciting introduction to robotics! They will explore basic coding and engineering as they create and solve fun challenges.
WEEK 6	7/7~7/11	Center Stage	Step into the spotlight and bring stories to life! In Center Stage, kids will explore the exciting world of drama, improv, and stage presence through fun games and performances. This class builds confidence, creativity, and a love for the stage.
WEEK 7	7/14~7/18	Little Chef 2	Easy and fun cooking recipes for kids to learn practical life skills and food literacy. Both yummy and exciting.
WEEK 8	7/21~7/25	Young Inventors	In this hands-on, interactive class, kids will explore groundbreaking inventions of the past, learn the design process, and bring their own ideas to life.
WEEK 9	7/28~8/1	Mission Impossible Escape Room	Kids will race against the clock to crack codes, solve brain-teasing puzzles, and uncover hidden clues. Teamwork, creativity, and quick thinking are the keys to success—will your child complete the mission before time runs out?
