

2026-2027 SCHOOL YEAR PROGRAM:

K-6TH GRADE HOMEWORK HELP:

Our thoughtfully designed academic support program provides students with individualized guidance in a caring, nurturing environment. Led by experienced educators familiar with the Walnut Valley Unified School District curriculum, we reinforce classroom learning while cultivating strong study habits, independence, and lasting academic confidence.

Each session is intentionally structured to help children feel supported, capable, and proud of their growth — building a foundation for long-term success.

NEW STUDENT	5-DAY PROGRAM (M-F)	4-DAY PROGRAM (M-TH)

	TRANSPORTATION \$35/week	TRANSPORTATION \$32/week
MATERIAL FEE \$100 / SEMESTER		

EXTRACURRICULARS:

TUTORING (K-6TH):

We offer quality, personalized tutoring in Math and English, designed to give students the extra support and confidence they need to succeed. Our 1-on-1 private sessions ensure focused attention, tailored lessons, and real progress — helping every child reach their full potential!

CODING (K-5TH):

Spark creativity and problem-solving skills as students learn to build games, animations, and interactive stories in our exciting coding class.

CHINESE (K-5TH):

An engaging Chinese class where children build real conversational skills while discovering vibrant cultural traditions, stories, and celebrations they'll love. Students also strengthen their foundation in Chinese characters, developing early reading and writing skills in a fun, supportive environment.

ART (K-5TH):

Students will explore color, texture, and design while making fun art projects that spark creativity and confidence. Every project is an adventure in self-expression and fun!

WRITING (K-5TH):

Students learn structured writing strategies that guide them through the full writing process — planning, drafting, revising, and editing. This class strengthens composition skills, organization, and creative expression to support long-term academic growth.
